## Vintage Shoot

The November Club shoot included the 12 gauge main event, vintage and vintage doubles. A vintage shotgun is considered a pump shotgun or any semi-auto or side by side manufactured prior to 1960. The event is always fun as we break out our old Mossbergs or 870's that we grew up shooting with and cost about what we now pay for a couple cases of shells. For most of us, the guns have been sitting in the safe collecting dust since last year's shoot. The pump guns are fun but I always end up with a sore shoulder from pumping rather than the recoil from the lighter gun. However, the most common excuse for missing is "I forgot to pump the darn thing."

The weather was great and we had a nice fajita lunch prior to shooting. Most shooters used the vintage gun in the main event and the overall scores were still impressive. C.W. Dagnal was gun champ with a 50 and Jack Davis AA-2 with a 48. Will Chisum shot a 50 in the vintage doubles using a borrowed 28 gauge pump. Rumor has it that Will paid top dollar for the same gun on one of the gun auctions to use in next year's doubles league.

# Recipe Corner

## POPCORN CHICKEN

Submitted by Gene Stewart

Here is a chicken recipe that also includes the use of popcorn as a stuffing -- imagine that. When I found this recipe, I thought it was perfect for people who just are not sure how to tell when poultry is thoroughly cooked, but not dried out.

4 - 5 lb. Chicken  
1 cup melted butter  
1 cup stuffing  
1 cup uncooked popcorn  
Salt/pepper to taste

Preheat oven to 350 degrees.

Brush chicken well with melted butter, salt, and pepper.

Fill cavity with stuffing mixed with popcorn.

Place in baking pan with the neck end toward the back of the oven.

Listen for the popping sounds. When the chicken's ass blows the oven door open and the chicken flies across the room and lands on the table, it's done and ready to eat.

And, you thought I couldn't cook!!!!

# Thanks!

I'd like to say a "special thanks" to Len Owens and his family at Bartley's BBQ for their catering and support of the club.

And for those who haven't tried their BBQ --- you are missing out. 413 E. NW Hwy. in Grapevine.

# GPGC Bullseye Pistol November 2010

We took a vote and decided to shoot 2 regular bullseye matches for today for a 600 max score. It went as follows: we shot 2 slow fire, 2 timed fire and 2 rapid fire sets of targets. The weather was great- no rain, not too cool, it was just pleasant.

We had 13 shooters to compete. So as we have 12 lanes to shoot in, 2 guys doubled up on lane 1. Jim Wilson chose to be the odd man and he called the match timing for the rest of us 12 and then after we had shot, I called for him to shoot.

In the first match, Hoa Nguyen won with 268-4Xs, Clint Freeman was 2nd with 263-6Xs and Jim Wilson was 3rd with 254-8Xs. Hoa shot a M 1911 conversion with a fixed barrel and a red dot scope. Jim Wilson shoots a Ruger Mk III with a ~ 7" barrel with iron sights.

In the 2nd match Ed Dotson was winner with a score of 280-9Xs shooting a M 1911 conversion (to .22 LR with a fixed barrel), that was scoped with a red dot scope.

I was second with Ruger Mk II Bull gun, 10" barrel model ,with iron sights, scoring 275-5Xs and Clint Freeman was 3rd with 272-5Xs, also with iron sights.

Clint was shooting a Ruger Mk II with a long barrel ( I don't know if it is 8" or longer.)

Both Hoa and Ed D. talk about it being a good thing to practice with a M 1911 conversion in .22 LR and then go to a REAL M 1911 in .45 ACP for some matches in the spring of 2011.

Both Hoa and Ed D shoot with ONE hand! It was frustrating to have 2 misfires in the first timed fire match - one each string of 5 shots! I had throw out 5 - 10s I had shot as result of the 2 sets of misfires!!! Talk about getting rattled!! Those were the first misfires I have had with recent Winchester ammo.

Thanks to Meredith Turney for doing the scores recording and getting the results in a fine form for us, as shown below.

A lot of fun was had by all. We'll do it again in December. Don't Forget, next Saturday we'll have the last Silhouette match of the year at 9 AM !

Ya'll Come!

# Pistol Range Work Day

Next time you stop by the pistol range, glance up in front of the benches and you'll see the repaired baffle joists and stringers that the volunteer work party repaired on Saturday, November 13th. These joists are a critical part of our errant bullet containment plan and keeping them in repair helps keep the range safe (as well as looking nice).

It was an excellent work party with everyone giving 105% to get the job done well and quickly. We lucked out that it was a beautiful day for mid-November so I think everyone was happy to be outside. It really was a fun time; razzing the "blue jacket" team about their lines being crooked or grumbling when Jeff told us to take stuff down and make it straight (but he was right).

Special thanks to the members that brought tools, especially to Don for bringing the right angle driver that was the belle of the ball!

As a member-owned, non-profit club, volunteers are critical in keeping the club working and affordable. Please thank these folks next time you see them, and come on out next time there is a work party (it really is a fun time)!

## CLUB TURKEY SHOOT NOVEMBER 21, 2010

This was another memorable event for the gun club. The meal was excellent with no one going away hungry after eating smoked turkey with cornbread dressing, scalloped potatoes, pinto beans, bakery rolls and homemade cranberry sauce. Desserts were brownies, cherry crisp, pecan pie, banana pudding and soft serve ice cream.

After the meal the games began with the Wolf Chase taking center stage. The first chase had 45 participants with serious shooters all. Very few missed birds until the row was backed up to the 25 yd line, then the distance started thinning the pack. When only three were standing the turkeys were awarded and another line formed for another Wolf Chase.

Jason Foshea set up a long crossing bird that was interesting but a new member, Darian Mock had a very fun 2 person 20 bird flurry on the 5 stand field that was quite the hit of the day. The team stood side by side on a raised stand and began with 2 shots each at a 4 bird flush and then 2 more came every one and a half seconds. The birds are close and easy to hit if you can reload very fast and not both shoot at the same bird. The only team to kill all 20 birds was Jason Foshea and Will Chisum but Shane Cole and Darian were just one bird behind them.

We guessed that around 70 members came out and the weather was wonderful to match the food and surroundings. Below is a list of members that made everything happen:

|                           |                     |

# .22 cal. Pistol Silhouette Shoot November 27, 2010

We had 7 shooters today. It was rather chilly to begin with, starting out in the middle 30s temperature wise. We waited until after 9:10 for others to show up, but 7 was it for today.

Clint Freeman won with 55, and Floyd Jester was 2nd at 54; both shooting with iron sights. Clint shot his long barreled Ruger and Floyd shot his .22 S&W 617 revolver! Great shooting, guys!

Hoa Nguyen was high scorer for scope sight users with a 52. He was complaining about having hurt his right arm exercising too much with weights. He shot an M 1911 conversion with a fixed barrel and a red dot sight.

My digital camera had sat in my van all night and at first would not turn on due to its batteries being too cold. After sitting in the sun for ~ 1 1/2 hours, it finally came on and I got these pictures as we were finishing up.

Too bad more could not get out to enjoy what turned out to be a really nice day.

*Clint Freeman & Meredith Turney at the line with Hoa watching*

*Jim Wilson, clowning, giving out the \$15 prizes to Hoa, high scope sight winner and to Clint Freeman, high iron site winner*
