Annual GPGC Club Skeet Championship

Who is the Best Skeet Shooter at the Club?

The debate continues over who is the best skeet shooter at the Grand Prairie Gun Club. The truth is that there are 30 plus shooters who shoot registered skeet and about a dozen more that are just good natural shooters but shoot mainly in leagues and club shoots. All of these shooters are more than capable of running straights and posting impressive scores. The real test is to be able to shoot under the pressure of competition.

The 2012 Grand Prairie Gun Club skeet championship was held Saturday November 10 and Sunday November 11 to settle this ongoing debate and the scores were up considerably from last year. However, the debate was not actually settled as several shooters showed that they had what it takes to win. Jon McDonald won high overall and 12 gauge and 28 gauge gun Championships. Jimmy Powell was only a couple birds behind Jon after dropping 3 in the 12 gauge event but Jimmy was the 20 gauge gun champion after beating Jon in the shoot-off. Jeff Zwiebel shot the only 50 straight and won the 410 Gun champ.

The lower classes were no less competitive as Ron Costa won the 12, 20 and 20 gauge buckle until Ginny Warren won the 410 in the B Class. Jay Warren won the 12 and 20 gauge in C class and Nickolas

Youth Shoot Schedule 2012

Every 4th Saturday of the month we get together with our up and coming shooters. The youth shoot is for 8 to 17 year olds. During the cooler months, we begin our shotgun shooting at 10 am and move to the rifle range at 1 p.m. (October through April). Once the sun starts to get warmer, we move each event up an hour to 9 a.m. for shotgun and 12 noon.

December **

** For these 2 months we have 1 shoot and schedule it based on availability. The date will be e-mailed in November.

For more information or to be added to the Youth Shoot e-mail list please contact Don Yeandle at (817) 825-2535 or don@extramile2.com.

Recipe Corner

Pecan Pie

Submitted by Dale Holder

Ingredients:

- 1 9-inch pie shell, frozen or fresh made
- 1 3/4 cups pecans, coarsely chopped
- 2 eggs, slightly beaten
- 1 cup Karo dark corn syrup
- 1/4 cup brown sugar
- 1 Tbsp molasses
- 2 1/2 Tbsp melted butter
- 2 Tbsp flour
- 1/4 teaspoon kosher salt
- 1 teaspoon vanilla

Method

Preheat oven to 375°F. Spread pecans along the bottom of the pie shell. Mix the remaining ingredients and pour over pecans. (No need for an electric mixer, you can mix by hand.) The pecans will rise to the surface of the pie.

Bake at 375°F for 40-45 minutes until the filling has set. About 20 minutes into the cooking you may want to use a pie crust protector, or tent the edges of the pie crust with aluminum foil to prevent the pie crust edges from burning.

Remove from oven and let cool completely.

Smoked Jalapeno Sausage Links

Submitted by Dale Holder

Ingredients:

- 6 pounds venison
- 2 pounds pork shoulder with fat
- 2 pounds pork or beef fat
- 2 tsp. Prague powder #1 or insta-cure curing salt
- 5 T. salt
- 3 T. jalapeno powder
- Several fresh jalapenos depending on how hot you want the sausage
- 1/2 fresh bell pepper
- 1 tablespoon paprika

- 2 tablespoons granulated garlic
- 1 tablespoon ground mustard
- 1 tablespoon mustard seed
- 1 tablespoon black pepper more or less
- 1 teaspoon cardamom
- 1 cup nonfat dry milk
- About a cup of ice cold water more or less as needed

Mix salt, cure and dry spices in a bowl with a little water. The plastic ones with a snap on lid work well.

Seed peppers and put in a food processor or blender and chop or process with a little water if needed and set aside.

Put cold ground meat and fat into a large bowl, pot or any clean container you have or a meat mixer if you are lucky. Add spices, peppers and part of the water, start mixing. Add water as needed to help mixing.

Test fry a small patty and taste. Add more jalapeno or some cayenne pepper for hotter sausage if needed.

Stuff into hog or sheep casings and twist into links. Put links into cooler or fridge overnight.

The next day take the links out and set on counter to warm up while the smoker is lit.

I like to use pecan on these but other wood will do. Light the fire and allow it to burn where it will maintain the temp at about 150. When the smoker is maintaining 150 place sausages on racks or smoke sticks and smoke for 1 hour.

I use a digital thermometer with a metal cable to check internal temp of the sausage. Just run the cable from the probe out the smoke stack and plug it into the display. Stick probe into the center of one sausage.

After an hour at 150 raise the temp to 170 and hold there until internal temp is 153.

Remove sausage from smoker and into a large pot (turkey fryer size) of ice water. This will stop the cooking and keep the fat from bleeding out. After few minutes in the cold water they should be cool enough to handle. Hang or place on clean counter top until completely cooled to room temp.

Package as you wish for freezing.

50th Anniversary Thanks

The Anniversary party was a huge success. Members who hadn't been in the club house in years came inside wide eyed with all the happenings going on inside and outside. Best of all their families found out why we all enjoy being here.

Terry estimated that we had approximately 200 members and over 400 total participants. It was a grand affair that wouldn't have taken place without your year long dedication, planning and preparation. The club itself looked great, the food was wonderful and we had giveaways by the boxful. I believe everyone had a fantastic time. Also, the next day the club was clean and no sign that a party for 400 people even took place.

Thanks again for all your help!

Don

Who is the Best Skeet Shooter at the Club?

Kolek won the 410. With a field of 25 shooters, almost half won belt buckles but all were earned the hard way - with good shooting.

On Sunday, Jason Foshea was the doubles champ shooting an impressive 96 out of 100 in some tough wind after a brief wind delay. Randy Walhood was right behind him with a 94. Several events were very competitive and ended up being settled in a shoot-off. Brian Roberts, Al Barsh and Richard Kolek all had 79 in C Class but the shoot-off looked more like AA. Richard finally won on the return station 3.

GPGC 50th Anniversary Belt buckles were awarded to the Gun Champs and class winners in all 4 gauges and doubles. The shotgun committee supplemented the 26 buckles for the 5 events but due to the good turnout the event was close to breaking even. Lunch was also provided on Saturday including grilled marinated steaks, baked potato casserole, salad and pumpkin pie for dessert. event and \$5 for lunch.

.22 cal. Pistol Silhouette Shoot November 2012

We had 4 shooters and one observer (me) at this match. It was a beautifully cool morning. We were surprised that some of the "regulars" who shot with us in Bullseye did not show up.

The shooters were Jim Grabbe with red hat, Meredith Turney, Gary Ledbetter and Floyd Jester.

High scorers were Jim Grabbe and Floyd Jester. Jim shot his .22 Walthers GSP having a red dot sight, scoring 54/60, and shooting with a one-hand hold.

Floyd shot his Model 617 S&W 22 with its iron sights, and used a two-hand hold.

Scores were as follows:

Jim Grabbe - 54

Floyd Jester - 54

Gary Ledbetter - 50

Meredith Turney - 41

Bullseye Match Results November 2012

November 17: We had 5 shooters and one observer (me) at the match today. It was a beautiful, cool morning, good to get out of the house.... The shooters were Ed Dotson, Lucas Robinson (Floyd Jester's grandson), Floyd Jester, Ron McCuller and Kris McCuller, Ron's son.

The high scorers were Ed Dotson, Floyd Jester and Kris McCuller.

Ed was high scorer, shooting 270-4Xs with his red dot sighted M1911 45 ACP.

Floyd Jester was second, scoring 203-1X with his Benelli .32 ACP, iron sights.

Kris McCuller was 3rd, scoring 180 with a Browning Buckmark, Iron sight.

Ron McCuller battled jams today and admitted his gun needed cleaning.

Cheers,

Dan Brown
